Dental Contractor Change

- The Military Medical Support Office (MMSO) will cease all dental operations effective 31 July 2009.
- Effective **1 August 2009** United Concordia Companies, Inc. (UCCI) will administer the new TRICARE Active Duty Dental Program (ADDP).
- This affects all Active Duty Service Members (ADSM) in remote locations > 50 miles from dental treatment facility to include RIA.
- The following slides contain the process to obtain appointments and dental care and other relevant information.
- The **two major process changes** between MMSO and UCCI are:
 - You must obtain an **Appointment Control Number (ACN)** from UCCI before your semiannual dental checkup and cleaning.
 - A **Command Memorandum** is only needed for implant and orthodontic services.

Dental Care Process at

DIA

Scheduling an Appointment

- Remote ADSMs may personally coordinate their **routine** (non-specialty dental care such as examinations, cleanings, fillings) covered dental services as long as:
 - The dental treatment is **less than \$500** per procedure or appointment.
 - The cumulative total is less than \$1,500 for treatment plans completed within a consecutive 12-month period.
- To coordinate your routine dental care, you must get an **Appointment Control Number (ACN)** by completing an online [**Appointment Request Form**](#).
 - The **ACN** is provided by United Concordia within 3 days of request.
 - It **must** be obtained prior to receipt of all dental care. This includes initial, annual, and continuation of dental care received 1 Aug 2009 or after.

Scheduling an Appointment

- The **Appointment Request Form** provides two options for appointment scheduling. The “Who will be responsible for scheduling the appointment?” field allows you to note whether you (ADSM) or United Concordia will make the appointment.
- The form can be filled out at the UCCI website.
Please complete the Appointment Request Form in its entirety.

The screenshot displays the 'Appointment Request Form' for the TRICARE Active Duty Dental Program, hosted on the United Concordia website. The page header includes the TRICARE logo and the program name. A navigation menu on the left lists various services like Eligibility, Benefits, and Claims. The main form area is titled 'Appointment Request' and contains several sections: 'Member Information' (with fields for First Name, Middle Initial, Last Name, Social Security Number, Date of Birth, Rank, and Branch of Service), 'Member Address' (with fields for Street 1, Street 2, City, State, and Zip Code), 'Member Contact Information' (with fields for Email, Phone, and Contact Preference), and 'Member Appointment Information' (with a dropdown for 'Who will be responsible for scheduling the appointment?' and a dropdown for 'Appointment Reason:'). A 'Provider Information' section at the bottom includes fields for Name, Street 1, Street 2, City, State, Zip Code, and Phone. The form also includes a 'Help' link and a 'Submit' button.

Emergency Dental Care

- Emergency dental care does not require an authorization or an **ACN**.
- Emergency dental care includes any treatment necessary to relieve pain, treat infection, or control bleeding. Root canal treatment may be needed to relieve pain and infection, and is considered emergency dental care.
- Crowns, bridges, and denture services are not considered emergency dental care and, therefore, are not covered. As such, ADSMs who elect to receive non-covered services as part of an episode of emergency dental care are responsible for payment of these services.
- It is recommended that you use a United Concordia network dentist for emergency dental care. Although this is not required, any follow-up care with a non-network dentist will not be authorized and you will be responsible for payment.

Specialty and Other Dental Care

- You must receive **authorization** prior to receipt of the following services:
 - Specialty dental care (e.g. crowns, bridges, dentures, root canals, periodontal treatment).
 - Dental care in excess of \$500 per procedure or appointment.
 - Dental care with a cumulative total greater than \$1,500 for treatment plans completed within a consecutive 12-month period.
 - Dental care from a non-network dentist.

Specialty Dental Care

To receive authorization for specialty dental care:

- Your civilian dentist must complete an [Authorization Request Form](#) indicating the desired services. This form is available on the ADDP Web site in the **Civilian Dentists** portal for electronic completion and submission **by the dentist**.
- Upon authorization approval, the ADSM and civilian dentist will be notified **within 3-5 business days** and an appointment can be scheduled to initiate care.
